SHËNIME / NOTES

Gjelbërimi i lartë mund të jetë me vazo meqenëse është pemë dekorative. Pasi shtresat që duhen për mbjelljen e pemëve shkojnë deri në lartësi 50-60cm.

High greenery may be planted in pots, since it's a decorative tree. Because the necessary layers for planting trees go as high as 50-60 cm.
